El Ciudadano · 9 de octubre de 2025

Council member Camila Davagnino alleged that Mayor Mario Desbordes "has done nothing but repay political favors, hiring Republican Party operatives who, in some cases, aren't even completing their shifts or meeting their work hours."

Investigative outlet Contrapoder reported that Arturo Urrutia, a former Carabineros officer and the current Security Director in the municipality led by Mayor Mario Desbordes (RN), collected CLP 16,304,402 in overtime alone between January and August 2025.

The figures were obtained from the Municipality of Santiago's Active Transparency portal. The outlet noted that this follows the case of Deputy Eduardo Dure1n19s (RN) wife, Marjorie Ve1squez, who has accrued CLP 8,144,987 in less than a year for the same budget line.

In that vein, in remarks to Contrapoder, council member Camila Davagnino alleged that Mayor Desbordes "has done nothing but repay political favors, hiring Republican Party operatives who in some cases aren19t even working their scheduled shifts or fulfilling their work hours."

"Or as in the case of Marjorie Ve1squez, along with other municipal directors (like Urrutia) who earn millions of pesos in overtime97which we hope the Comptroller General19s Office will be able to verify," the council member added.

Alcalde [@desbordes](#) nos exige explicaciones, cuando son sus amigos militantes y es su administración la que está en entredicho.

No tenga dudas Alcalde, (ya que ve todas mis redes sociales), que seguiremos

informando a nuestros vecinos lo que consideremos de interés comunal.
